Course Content and Schedule

Lectures: Since this is an online class, students will not be given traditional lectures. Instead, students will read and interact with the online textbook in the Cengage MindTap application. In the D2L Content area within the modules, links are provided to access the assigned chapter readings, and the Cengage Mindtap assignments.

Chapter Section Quizzes: With the weekly modules, a link is provided to Cengage Mindtap where MindTap Chapter Section Quizzes are embedded in each chapter reading assignment. After clicking on the Chapter Reading Assignment which is the first link, the online textbook chapter loads, and students will read through the chapter and then work through the interactive practice quizzes at the end of each section. For the chapter section quizzes, students have unlimited attempts, no time limit and will earn credit for their best attempt. Students will see full feedback immediately. Each chapter has from 3-7 of these quizzes and each will earn up to 1 point for a total of 70 points toward the final grade. The work must be completed by 11:59pm on the due date as listed in the course schedule in the syllabus and will not be accessible once the due date has passed.

Aplia Homework: MindTap assignments are listed by the due date within the weekly. There is a link in each chapter assignment for the Aplia Homework assignment. Click on the link and the homework will load. For the Aplia Homework assignments, students may enter and exit the assignment but must have it completed by the deadline. Students have up to three attempts on each question and can immediately view the results of each question attempt. However, each additional question attempt will have different variations of the question and students will earn only an average of their scores for each question attempt. Students really should not take another attempt unless they score poorly on the previous attempts. Each chapter has 2-6 questions, and each Aplia Homework will be worth between 14-17 points for a total of 250 points toward the final grade. The work must be completed by 11:59pm on the due date as listed in the course schedule in the syllabus and will not be accessible once the due date has passed.

Chapter Quizzes: After students read through the chapter, completes the Chapter Section Quizzes, and Aplia Homework assignments for each chapter, they will test their knowledge with a Chapter Quiz located in the D2L module. For each Chapter Quiz, students will have 40 minutes to answer 25 questions worth 1 point each. Once entered, the quiz must be completed within the 40-minute time limit. A total of 400 points towards the final course grade are available from Chapter Quizzes. Points are earned for correct answers only. Students will immediately see their score populate in the gradebook after completing their attempt.

Discussion Boards: On the D2L course site, students will participate in two discussion boards researching, discussing, and applying economics as we go through the semester's course of study. Each discussion board will have a topic to address, and students will make an initial posting with a minimum word count of 250 words, make substantive replies to their classmate's posts and then will make two substantive replies to other students during the period the discussion board is open. These discussion boards have deadlines, minimum participation, and regular content requirements. Discussions will be graded according to the rubric. Each discussion board will be worth up to 35 points for a total of 70 points for the course.

Final Exam: Taking the comprehensive final exam is required and it will be administered online. The exam will consist of a 200 point comprehensive knowledge based, closed book exam which includes multiple choice questions. The exam will have a strict time limit and students must complete the exam within that time limit. Students cannot save and restart the final exam. NFC Course Policy Statements

At the beginning of the semester, the instructor must report “no show” students for this course. “No show” indicates the student will be removed from the course. In order to be considered as attending the online course, the student must log in to D2L and complete “Getting Started,” step #1. Students will be prompted to complete the Mandatory Attendance quiz by the deadline as given on the course schedule; this quiz will verify students' attendance in the course.

NFC Information and Policy Statements

Academic Honesty

NFC is committed to providing a high-quality educational experience to all students, and students are expected to follow appropriate and honest academic practices. This information is available in the Academic Regulations section of the college catalog at www.nfc.edu. All cases of academic dishonesty will be reported to the Office of Academic Affairs.

Instructors use www.turnitin.com to review papers and projects for improper citation and/or plagiarism by comparing each student's report against billions of internet pages, a repository of works submitted to Turnitin in the past, and thousands of academic sources. A comparison document called the *Similarity Report* details the areas of a student paper that may have been documented incorrectly or used improperly. **Refer to instructor's course policy statements for usage details.**

Attendance Policy

Regular and consistent attendance facilitates student success. Absences beyond the equivalent of two weeks of class are considered to be excessive and thus may impact a student's course grade. Typically, two weeks of class would be described as follows:

- For a three-credit hour class that meets MW or TR: 4 class meetings (2 weeks).
- For a three-credit hour class that meets once a week for three hours: 2 class meetings (2 weeks).

Students are responsible for material covered during their absence. Refer to instructor makeup policy.

If there is no verifiable participation within the first week of the term, a student will be dropped from the class for non-attendance. This includes classes delivered in face-to-face, online, or hybrid format. See instructor policy.

Textbook Purchases

All required course materials are listed in the Virtual Bookstore tab on NFC's homepage. Course materials purchased through Follett, NFC's only contracted vendor, can be charged against a student's financial aid account. Course materials may also be purchased from any other source with the understanding that these non-Follett purchases cannot be charged against a student's financial aid account.

Used Book Purchases

Students should check the Follett book list found in the Virtual Bookstore tab on NFC's homepage for correct titles and editions. Note: The ISBN listed in Follett may include both the required text and a required access code. When considering purchasing used books, students should be sure the purchase includes the ACCESS CODE in courses where required. If not, the access code must be purchased separately at an additional cost.

Students are not allowed to park in these spaces. Vehicles cannot be parked by backing into the space. Any vehicle that is illegally parked will be towed at the owner's expense. Refer to the college catalog or student handbook for all other parking regulations.**
