## Required Curriculum/Textbook and Course Materials

Required Textbook: *MindTap English Handbook, with APA 7e Updates, 1 term Instant Access. ISBN: 9781305403338. For textbook questions, please contact [bookstore@nfc.edu](mailto:bookstore@nfc.edu)*

Required Textbook: Your course is included in the Follett Access Program. You will receive an email regarding your textbook from Follett, the NFC bookstore. Through Follett Access, your textbook and materials are less costly, and they are automatically in your D2L course on the first day of class. If you choose to opt out of this program, you will need to follow the process on the email you receive and you will be responsible for purchasing all required materials for this course. If you have any questions regarding this process, please contact support at <https://customersupportcenter.highered.follett.com/hc/en-us>.

**For textbook questions, please visit: <https://customersupportcenter.highered.follett.com/hc/en-us>**

***Required Course Materials/Supplies: A flash drive and a thesaurus. You will need daily access to the Internet and a computer. I also recommend that you use a jump drive to save your files, and periodically also store your documents drafts to an online cloud. You should also email yourself your drafts periodically so that if all else fails, you have a copy of your draft in your email. Losing your work is NOT an excuse to submit assignments late, and any assignments that are late as a result of technology problems ARE subject to the course late policy.***

***Students are required to maintain access to D2L via the NFC website and check it consistently. Since this is an online course, all assignments, readings, grades, and announcements are through this site. As such, students will thus need continuous unfettered internet access to complete the course. Students must make arrangements to have access to the internet to fulfill assignments. For example, if an assignment requires watching a video on YouTube, students are expected to be able to access the video. There are various locations that provide internet access, such as NFC (available even in the parking lot), public libraries, and many restaurants. Students will also submit assignments via D2L. I do not accept emailed assignments. In addition, access to a word processor software such as Microsoft Word or Google Docs is necessary. All***

*students have free access to Microsoft Office programs. Students may access these programs via the NFC website. Contact Computer Services with any difficulties with access.*

*With the heavy use of the internet and word processing software, it is strongly recommended that students utilize a computer not a smartphone. Limitations placed on a student utilizing a smartphone instead of a computer are not considered a legitimate excuse for any difficulties arising during the course. The primary mode of communication outside of D2L is email, so ready access to you NFC GoMail is recommended.*

## NFC Course Policy Statements

### **Course Policy Statement on Plagiarism, Cheating and AI**

I use Turnitin.com for all assignments in this course. If you plagiarize, you will receive a zero on the assignment and are subject to failing the course. You are also subject to your name being filed with Academic Affairs so they will have permanent record that you plagiarized.

### **Course Policy Statement on Cheating and AI**

A note on Chat GPT and other AI writing platforms: This is a writing class, and you should be taking it with the intention of becoming a stronger writer and to develop more advanced critical thinking skills. If you choose to use Chat GPT or any other kind of generative AI, you are cheating yourself and wasting your money and time in this course. Also, the technology to spot this kind of cheating is quickly catching up, and I WILL be able to prove it using the Turnitin.com software. So just don't use ChatGPT or any other writing assistance outside of the NFC tutoring center or tutor.com. You are also prohibited from using Grammarly or any other related or similar programs. If you are caught using Chat GPT, Grammarly, or any other cheating service, you will receive a zero for that assignment and will be subject to your name being sent to Academic Affairs to go on record as a cheater. So just don't do it. If you find yourself struggling in the course, reach out to me, and together we will find a path to get you back on track. Any assignment found to be written with AI technology will be given a zero automatically.

### **Attendance Policy**

This is a virtual course, so attendance will be based on assignment submission; thus, you must submit your work regularly and consistently. If you have extenuating circumstances that prevent you from submitting an assignment due to sickness or death in your immediate family, contact me as soon as possible, making sure to provide a documented proof of sickness or death of family member. This

requirement of proof is not meant to be punitive or insensitive but to provide both instructor and students with parameters for what constitutes an excused absence to keep the course fair for all students. Students are responsible for material covered during times when they may be unable to complete work. Refer to instructor late work policy.

**Statement for Online Instructors:** At the beginning of the semester, the instructor must report “no show” students for this course. “No show” indicates the student will be removed from the course. In order to be considered as attending the online course, the student must log in to D2L and complete “Getting Started,” step #1. Students will be prompted to complete the Mandatory Attendance quiz by the deadline as given on the course schedule; this quiz will verify students’ attendance in the course.

Students are responsible for material covered during their absence. Refer to instructor makeup policy.

**If there is no verifiable participation within the first week of the term, a student will be dropped from the class for non-attendance.** This includes classes delivered in face-to-face, online, or hybrid format. See instructor policy.

### **Course Late Work Policy**

There will be a deduction of 5% PER DAY for every day an assignment is late for up to one week. Any assignment that is submitted later than one week after the deadline will receive a grade of 60%, pre-assessment. Make plans to submit work early if you cannot turn work in when it is due.

**Late rough drafts:** Paragraph and essay drafts must be submitted within the set timeframe to receive detailed instructor feedback. Drafts submitted outside of the timeframe are subject to receiving late feedback outside the regular timeframe of 7-14 days.

## **NFC Information and Policy Statements**

### **Academic Honesty**

NFC is committed to providing a high-quality educational experience to all students, and students are expected to follow appropriate and honest academic practices. This information is available in the Academic Regulations section of the college catalog at [www.nfc.edu](http://www.nfc.edu). All cases of academic dishonesty will be reported to the Office of Academic Affairs.

One method for the detection of academic dishonesty for written assignments is the use of Turnitin to review assignments for improper citation, plagiarism, and improper use of artificial intelligence, such as generative AI. Turnitin compares each student’s submission against material on the internet, academic sources, and the repository of works submitted to Turnitin in the past. A comparison document called the *Similarity Report* details the areas of a student paper that may have been documented incorrectly or used improperly. The *Similarity Report* also includes an AI-indicator percentage and highlights writing that is determined to be generated by artificial intelligence. **Refer to instructor’s course policy statements for usage details.**

### **Statement about Generative AI Technology:**

Individual course instructors are free to set their own policies regulating the use of generative AI tools in their courses, including allowing or disallowing some or all uses of such tools. Course instructors should set such policies in their course syllabi and clearly communicate such policies to students. Students who are unsure of policies regarding generative AI tools are encouraged to ask their instructors for clarification.

Use of or consultation with generative AI shall be treated analogously to assistance from another person. Absent a clear statement from a course instructor, using generative AI tools to complete an assignment or exam (e.g., for idea generation or for entering exam or assignment questions) is not permitted. Students should acknowledge the use of generative AI and default to disclosing such assistance when in doubt.

Students are responsible for material covered during their absence. Refer to instructor makeup policy.

**If there is no verifiable participation within the first week of the term, a student will be dropped from the class for non-attendance.** This includes classes delivered in face-to-face, online, or hybrid format. See instructor policy.

### **Textbook Purchases**

All required course materials are listed in the Virtual Bookstore tab on NFC's homepage. Course materials purchased through Follett, NFC's only contracted vendor, can be charged against a student's financial aid account. Course materials may also be purchased from any other source with the understanding that these non-Follett purchases cannot be charged against a student's financial aid account.

### **Used Book Purchases**

Students should check the Follett book list found in the Virtual Bookstore tab on NFC's homepage for correct titles and editions. Note: The ISBN listed in Follett may include both the required text and a required access code. When considering purchasing used books, students should be sure the purchase includes the ACCESS CODE in courses where required. If not, the access code must be purchased separately at an additional cost.

### **Students/Visitors: Where to Park on Campus**

If you have any questions about parking on campus, contact Campus Security at (850) 973-0280. Park in designated parking spaces only. Do not park on the grass or in undesignated areas. Faculty/Staff parking areas are to be used only by full- and part-time employees of the college. Faculty and staff parking spaces are lined in yellow and are clearly marked "STAFF". Students and visitors can park in any spaces that are lined in white. **NOTE: Some visitor parking spaces are lined in yellow with the word "Visitor" in the center. These are for visitors only. Students are not allowed to park in these spaces. Vehicles cannot be parked by backing into the space. Any vehicle that is illegally parked will be towed at the owner's expense. Refer to the college catalog or student handbook for all other parking regulations.**

**Enforcement:** If a vehicle is parked illegally anywhere on campus, it is subject to be towed at the owner's expense (\$85.00+). An illegally parked vehicle will be given a **WARNING on the FIRST OFFENSE**. **There will be no second warning.** Illegally parked vehicles will be **TOWED ON THE SECOND OFFENSE**. Signs will be displayed near parking areas with the name and address of the company to contact if the vehicle is towed.

The company that tows the vehicle is an independent company contracted by North Florida College. The College has no authority to negotiate towing fees and is not in any way responsible for damage or liability to the vehicle or its contents. The company that provides the towing service is:

Jimmie's Firestone

(850) 973-8546

### **Campus Security**

The administration of NFC works diligently to make the campus as safe as possible. A few of the procedures in place include the use of security officers, the placement of security lights at strategic locations, and the locking of buildings when not in use. Students should always be alert and use normal precautionary measures. Campus crime statistics are documented annually and are available in the college catalog. Campus security can be contacted at 850-973-0280 from 7:30 a.m. until 11:30 p.m. for assistance while on campus with non-emergency security concerns. All emergency incidents should be reported directly to 911.
