NFCC Employee Handbook 2015

Updated and Reprinted

Date Prepared: October 2015

Welcome new employee!

On behalf of your colleagues, I welcome you to NFCC and wish you every success here. North Florida Community College is an Outstanding place to work!

We believe that each employee contributes directly to NFCC's growth and success, and we hope you will take pride in being a member of our team.

This handbook was developed to describe some of the expectations of our employees and to outline the policies, programs, and benefits available to eligible employees. Employees should familiarize themselves with the contents of the employee handbook as soon as possible, for it will answer many questions about employment with NFCC. Current employees should review on an annual basis in order to keep up with any changes that may have occurred.

We hope that your experience here will be challenging, enjoyable, and rewarding.

Again, welcome!

Sincerely,

Bill Hunter
Executive Director, Human Resources

INTRODUCTORY STATEMENT

This handbook is designed to acquaint you with NFCC and provide you with information about working conditions, employee benefits, and some of the policies affecting your employment. You should read, understand, and comply with all provisions of the handbook. It describes many of your responsibilities as an employee and outlines the programs developed by NFCC to benefit employees. One of our objectives is to provide a work environment that is conducive to both personal and professional growth.

No employee handbook can anticipate every circumstance or question about policy. As NFCC continues to grow, the need may arise and NFCC reserves the right in its sole and absolute discretion to revise, supplement, or rescind any policies or portion of the handbook from time to time as it deems appropriate. This Handbook will be posted on the NFCC Intranet. Each year during “Open Enrollment” you will be asked to sign a form stating that you are aware of the Employment Handbook on the Intranet and that it is your responsibility to read and be aware of all of the policies and procedures.

101 Nature of Employment

Effective Date: 9/15/2007

[Return to Index](#)

This handbook is intended to provide employees with a general understanding of our personnel policies. Employees are encouraged to familiarize themselves with the contents of this handbook, for it will answer many common questions concerning employment with NFCC.

However, this handbook cannot anticipate every situation or answer every question about employment. It is not an employment contract and is not intended to create contractual obligations of any kind. Neither the employee nor NFCC is bound to continue the employment relationship if either chooses, at its will, to end the relationship at any time.

In order to retain necessary flexibility in the administration of policies and procedures, NFCC reserves the right to change, revise, or eliminate any of the policies and/or benefits described in this handbook, except for its policy of employment-at-will. The only recognized deviations from the stated policies are those authorized and signed by the President (or designee) of NFCC.

102 Expectations of NFCC Employees

Effective Date: 9/15/2004

2. Advocate for NFCC in the community, whether it be speaking at a civic club, conducting daily personal business, recruiting students, or any activity in which support for our College can be generated.
3. Develop positive, helpful, and cooperative relationships with co-workers and associates.
4. Advocate for students. Help create an environment that encourages students to put forth their best effort. Challenge them to excel.
5. Respond in a timely and cooperative manner to requests for information from associates and co-workers and inquiries from the community. If reports and requests for information cannot be provided in a timely manner, please inform the person requesting the information well ahead of the deadline.
6. Not expend finances on items that have not been approved through the budgeting process.
7. Protect and safeguard equipment and material that is in your charge.
8. Aggressively pursue and write grants.
9. Take initiative but keep your supervisor in the loop (i.e., Dean, Director, etc.).
10. Document the performance of those you supervise. Have regularly scheduled reviews with those you supervise.
11. Not sign contracts, Letters of Agreement, or Memorandums of Understanding on your own. Only the Chairman of the District Board of Trustees and/or the President has the authority to sign binding documents for the College.

103 Equal Employment Opportunity

Effective Date: 5/20/2014

[Return to Index](#)

In order to provide equal employment and advancement opportunities to all individuals, employment decisions at North Florida Community College will be based on merit, qualifications, and abilities. North Florida Community College does not discriminate in employment opportunities or practices on the basis of race, ethnicity, color, religion, sex, national origin, gender, age, disability, marital status, genetic information or any other characteristic protected by law.

North Florida Community College will make reasonable accommodations for qualified individuals with known disabilities unless doing so would result in an undue hardship. This policy governs all aspects of employment, including selection, job assignment, compensation, discipline, termination, and access to benefits and training. Initial and continuing notification of this policy and the identification, location, address and phone number of the Equity Coordinator will be provided by various means which will include handbooks, postings, and on the Intranet.

Any employees with questions or concerns about any type of discrimination in the workplace are encouraged to bring these issues to the attention of his/her immediate supervisor or the Human Resources Officer. Employees can raise concerns and make reports without fear of reprisal. Anyone found to be engaging in any type of unlawful discrimination will be subject to disciplinary action, up to and including, termination of employment.

Any individual who believes he/she has been discriminated against or has been harassed by an employee, student, or other third party is encouraged to use the Complaint/Grievance Procedure. The right to confidentiality, both of the complainant and of the accused, will be respected, consistent with the Board's legal obligations, and with the necessity to investigate allegations of misconduct and take corrective action when this conduct has occurred.

Complaints filed with the Equity Coordinator should be forwarded to:

**Denise Bell, Equity Coordinator,

104 Ethics and Conduct

Effective Date: 9/15/2004

[Return to Index](#)

The successful operation and reputation of NFCC is built upon the principles of fair dealing and ethical conduct of our employees. Our reputation for integrity and excellence requires careful observance of the spirit and letter of all applicable laws and regulations, as well as a scrupulous regard for the highest standards of conduct and personal integrity.

NFCC will comply with all applicable laws and regulations and expects its employees to conduct themselves in accordance with the letter, spirit, and intent of all relevant laws and to refrain from any illegal, dishonest, or unethical conduct.

In general, the use of good judgment, based on high ethical principles, will guide you with respect to lines of acceptable conduct. If a situation arises where it is difficult to determine the proper course of action, the matter should be discussed openly with your immediate supervisor and, if necessary, with the Human Resources Department for advice and consultation.

Compliance with this policy of business ethics and conduct is the responsibility of every NFCC employee.

105 Criminal Background Checks and Fingerprinting

[Return to Index](#)

Effective Date: 04/15/2015

All prospective new employees of North Florida Community College, including Adjuncts, OPS and Part-time employees, will be required to undergo and pass statutory Level 2 criminal background checks, including fingerprinting, before they are hired.

Information obtained from criminal background checks will be reviewed by the Executive Director of Human Resources, who will work in consultation with the appropriate Dean or Vice President in making recommendations to the President regarding employment decisions.

Because of the public nature of our institution and possibility of direct contact with high school students, all employees are required to complete a level 2 background screening which includes fingerprints. The President, based upon information and research from Human Resources, will make a determination of the status of any current employee whose background check discloses a conviction of a crime involving moral turpitude. Current employees whose employment status is adversely affected by a criminal background check will have the right to appeal.

The College will pay for the cost of all Level 2 screenings. On an annual basis, the HR Office will verify the Criminal Record status through Clerk of the Court's Comprehensive Case Information System (CCIS) on all full and part-time employees.

North Florida Community College will consider the criminal record of each employee/prospective employee in its entirety. However, no prospective employee shall be refused employment, and no employee shall be terminated, based solely on his/her arrest record. There must be a guilty finding, regardless of adjudication, or a plea of nolo contendere or guilty to one or more of the "disqualifying" criminal offenses enumerated in the statutory Level 2 screening standards, found in Section 435.04(2), Florida Statutes.

[Return to Index](#)

Effective Date:

1. Responsibility of Employees.

It is the responsibility of all employees to conduct their College business in such a way as to prevent fraud occurring in the workplace. Employees must also be alert to the possibilities for fraud and be on guard for any indications that improper or dishonest activity is taking place.

- a. It is every employee's responsibility to report suspicions of fraud without delay according to the procedure laid out below. Persons who cover up, obstruct, or fail to report, will be considered to be an accessory after the fact and may be subject to disciplinary action and/or discharge. Persons who threaten retaliation against a person reporting a suspected fraud shall be subject to disciplinary action up to and including termination of employment.
- b. Great care must be taken in dealing with suspected dishonest or fraudulent activities to avoid:
 - i. Incorrect accusations
 - ii. Alerting suspected individuals to an investigation underway
 - iii. Treating employees unfairly
 - iv. Making statements that could lead to claims of false accusations or other charges.

Individuals who knowingly make false accusations may be subject to disciplinary action.

- c. The incident, facts, suspicions or allegations should not be discussed with anyone inside or outside the College unless specifically directed to do so by the College officer investigating the incident.
- d. Fraud can be detected at any level within the College and the following general principles should apply in the reporting of suspected fraud.
 - i. A person who suspects that a fraudulent practice may be operating should, in the first instance, report the matter to his/her Dean or immediate supervisor. Should it be inappropriate to make such a report to an immediate supervisor, the report should be made to a higher level, directly to the Dean of Administrative Services or the President.
 - ii. Once a report of suspected fraud is made to a supervisor/manager that person should report the suspicion to their Dean or immediate supervisor, to the Dean of Administrative Services, or to the President. A Dean or immediate supervisor upon receipt of a report of a suspected fraud should then report the matter to the Dean of Administrative Services. If the matter involves an employee in the area of Administrative Services, the suspected fraud should be reported to the Director of Human Resources.
 - iii. No investigation of the suspected fraud should take place until the Dean of Administrative Services, the Director of Human Resources or the President has been informed.

2. Procedures for the Investigation of Alleged Fraud

- a. The Dean of Administrative Services will (except in any case involving their Office) have the responsibility for coordinating the College's response and will seek expert

legal advice from the College's legal counsel or other advice if required. The Office of the Auditor General is available for investigation should the suspected fraud involve an employee in the area of Administrative Services.

- b. The Dean of Administrative Services will notify the appropriate staff who will, if appropriate, conduct an initial investigation to gather factual information and reach a preliminary determination as to whether further action is required. The findings, conclusions and recommendations will be reported to the appropriate Dean or President.
- c. Where initial investigation provides reasonable grounds for suspecting an employee of fraud or a dishonest activity, the relevant Dean or the President will decide if any actions are necessary to prevent further loss. This may require, in consultation with the President, the suspension with or without pay of the member or members of staff and/or the decision as to whether further investigation is required.
- d. Each case will be considered individually in accordance with the expert advice obtained with a view to minimizing the losses (both monetary and otherwise) to the College. Having reached a decision as to what further action is necessary and how such actions should be undertaken, the Dean of Administrative Services will communicate with the affected employee and the employee's supervisor.
- e. Results of fraud investigations will be considered and the internal control structure assessed so that a similar recurrence of the same or similar fraud can be prevented or at least promptly detected by the relevant Dean and staff in the future. Documentation regarding the findings, conclusions and recommendations, following consultation with the relevant department(s) will be maintained.
- f. Investigations will be conducted in a confidential manner to protect all parties to the investigation.

5. Accounting for Loss, Restitution and Recovery

- a. The department incurring the loss from a dishonest or fraudulent act will normally suffer the loss until monies can be recovered through insurance or restitution.
- b. If the suspected incident involves the Dean of Administrative Services, the President shall undertake the role and functions specified for the Dean of Administrative Services.

6. Disciplinary Action

- a. The Human Resources Office will be consulted for any employee disciplinary actions resulting from fraudulent activity.
- b. Documentation related to such employee discipline will be maintained in the employee's personnel file.

NFCC uses this period to evaluate employee capabilities, work habits, and overall performance. Either the employee or NFCC may end the employment relationship at will at any time during or after the introductory period, with or without cause or advance notice.

All new, rehired, promoted and reassigned employees work on an introductory basis for the first 6 months after their date of hire/promotion/assignment. 303 Annual Leave Benefits

Effective Date: 7/01/2015

[Return to Index](#)

Annual Leave with pay is available to eligible employees to provide opportunities for rest, relaxation, and personal pursuits. Employees in the following employment classification(s) are eligible to earn and use annual leave as described in this policy:

- * Regular full and part-time employees (12 month employees)

Annual leave is earned when an employee completes more than half the month (16 days). If an employee terminates before or hired after the 16th day of the month, leave will not be accrued for that month.

The amount of paid annual leave employees receive each year increases with the length of their employment as shown in the following schedule:

- * Upon initial eligibility the employee is entitled to earn 12 annual leave days each year, accrued monthly at the rate of 1 day (based on the number of hours normally worked).

- * After 5 years of eligible service the employee is entitled to earn 15 annual leave days each year, accrued monthly at the rate of 1.25 days.

- * After 10 years of eligible service the employee is entitled to 18 annual leave days each year, accrued monthly at the rate of 1.50 days.

The length of eligible service is calculated on the basis of a "benefit year." This is the 12-month period that begins when the employee starts to earn vacation time.

Paid annual leave time can be used in minimum increments of one-half hour. To take annual leave, employees should request advance approval from their supervisors. Requests will be reviewed based on a number of factors, including college needs and staffing requirements.

Annual leave is paid at the employee's base pay rate at the time of annual leave.

As stated above, employees are encouraged to use available annual leave time for rest, relaxation, and personal pursuits. In the event that available annual leave is not used by the end of the calendar year, a maximum of 330 hours (44 days) may be carried forward to the next calendar year. Any hours over the maximum will be moved to the employee's sick leave on January 1st each year. Hours transferred from vacation to sick or not eligible to be sold back at termination of employment.

Upon termination of employment, employees will be paid for unused earned annual leave, up to 225 hours (30 days). Part-time employees are pro rated based on the normal hours worked. Any hours above this amount will not be paid. Payment will be included in the final paycheck (normally the last working day of the month).

NFCC provides a comprehensive workers' compensation insurance program at no cost to employees. This program covers any injury or illness sustained in the course of employment that requires medical, surgical, or hospital treatment. Subject to applicable legal requirements, workers' compensation insurance provides benefits after a short waiting period or, if the employee is hospitalized, immediately.

Employees who sustain work-related injuries or illnesses should inform their supervisor immediately. No matter how minor an on-the-job injury may appear, it is important that it be reported immediately. This will enable an eligible employee to qualify for coverage as quickly as possible.

Neither NFCC nor the insurance carrier will be liable for the payment of workers' compensation benefits for injuries that occur during an employee's voluntary participation in any off-duty recreational, social, or athletic activity sponsored by NFCC.

307 Sick Leave Benefits

Effective Date: 9/15/2004

[Return to Index](#)

NFCC provides paid sick leave benefits to all eligible employees for periods of temporary absence due to illnesses or injuries. Eligible employee classification(s):

- * Regular full-time employees
- * Regular part-time employees

Eligible employees will accrue sick leave benefits at the rate of 12 days per year (1 day for every full month of service). Sick leave benefits are calculated on the basis of a "benefit year," the 12-month period that begins when the employee starts to earn sick leave benefits. Sick leave is earned when an employee completes more than half the month (16 days). If an employee terminates before or hired after the 16th day of the month, leave will not be accrued for that month.

A regular employee may use two (2) days of their accrued sick leave for personal reasons and two (2) days of their accrued sick leave for emergencies each fiscal year. Leave for personal reasons and emergencies shall be non-cumulative.

There is no limit on the number of days of sick leave an employee may accrue except that at least one-half of this cumulative leave must be established at North Florida Community College. Employees that were employed in another Florida University/Community or State College or state agency immediately before being employed by NFCC may transfer in previously accumulated sick leave at the rate of one (1) hour for each hour earned at NFCC. A letter with the earned amounts must be submitted from the previous employer before credit can be given.

Paid sick leave can be used in minimum increments of one-half hour. Eligible employees may use sick leave benefits for an absence due to their own illness or injury or that of a family member who resides in the employee's household.

Employees who are unable to report to work due to illness or injury should notify their direct supervisor before the scheduled start of their workday if possible. The direct supervisor must also be contacted on each additional day of absence. Once an employee is out for three (3) weeks, they are automatically placed on Medical Leave retroactive to the first day of absence.

Sick leave benefits will be calculated based on the employee's base pay rate at the time of absence and will not include any special forms of compensation, such as incentives, commissions, bonuses, or shift differentials.

Unused sick leave benefits will be allowed to accumulate indefinitely.

Sick leave benefits are intended solely to provide income protection in the event of illness or injury, and may not be used for any other absence.

Terminal pay for Sick Leave: Accumulated days of sick leave shall be limitless. Terminal Pay shall be as follows:

(i) During the first three (3) years of service, the daily rate of pay multiplied by 35 percent times the number of day's accumulated sick leave.

(ii) During the next three (3) years of service, the daily rate of pay multiplied by 40 percent times the number of days of accumulated sick leave.

(iii) During the next three (3) years of service, the daily rate of pay multiplied by 45 percent times the number of days of accumulated sick leave.

(iv) During and after the tenth (10th) year of service, the daily rate of pay multiplied by 50 percent times the number of days of accumulated sick leave.

(v) Years of service for terminal pay for sick leave earned is cumulative and need not be continuous.

Vacation time that has been moved into the employee's sick leave is not payable.

Effective July 1, 2001 for all Administrators and Professional Staff (does not include Faculty or Career Staff):

For unused sick leave accumulated before July 1, 2001, terminal leave pay will be paid as listed above.

For unused sick leave accumulated on or after July 1, 2001, terminal payment may not exceed an amount equal to one-fourth of the employee's unused sick leave or 60 days of the employees pay, whichever amount is less.

If the employee has an accumulated sick leave balance of 60 days or more on June 30, 2001, sick leave earned after that date may not be accumulated for terminal-pay purposes until the accumulated leave balance as of June 30, 2001, is less than 60 days.

Eligible full-time employees of North Florida Community College (**NFCC**) may participate in a Sick Leave Pool (**SLP**) which allows participants to pool accrued sick leave for disbursement to a participating employee in need of sick leave in excess of the amount he/she had personally accrued. The SLP will be administered by a committee selected from the pool participants.

311 Jury Duty

Effective Date: 9/15/2004

[Return to Index](#)

NFCC encourages employees to fulfill their civic responsibilities by serving jury duty when required. Employees in an eligible classification may request up to 30 days of paid jury duty leave.

Jury duty pay will be calculated on the employee's base pay rate times the number of hours the employee would otherwise have worked on the day of absence. Employee classifications that qualify for paid jury duty leave are:

- * Regular full-time employees
- * Regular part-time employees

If employees are required to serve jury duty beyond the period of paid jury duty leave, they may use any available paid time off (for example, annual leave benefits) or may request an unpaid jury duty leave of absence.

Employees must show the jury duty summons to their supervisor as soon as possible so that the supervisor may make arrangements to accommodate their absence. Of course, employees are expected to report for work whenever the court schedule permits.

Either NFCC or the employee may request an excuse from jury duty if, in NFCC's judgment, the employee's absence would create serious operational difficulties.

NFCC will continue to provide health insurance benefits for a maximum period of thirty calendar days after the unpaid jury duty leave begins. At that time, employees will become responsible (under COBRA) for the full costs of these benefits if they wish coverage to continue. When the employee returns from jury duty, benefits will again be provided by NFCC according to the applicable plans.

Benefit accruals such as vacation, sick leave, or holiday benefits will be suspended during unpaid jury duty leave and will resume upon return to active employment.

313 Benefits Continuation (COBRA)

Effective Date: 9/15/2004

[Return to Index](#)

The Federal Consolidated Omnibus Budget Reconciliation Act (COBRA) gives employees and their qualified beneficiaries the opportunity to continue health insurance coverage under NFCC's health plan when a "qualifying event" would normally result in the loss of eligibility. Some common qualifying events are resignation, termination of employment, or death of an employee; a reduction in an employee's hours or a leave of absence; an employee's divorce or legal separation; and a dependent child no longer meeting eligibility requirements.

Under COBRA, the employee or beneficiary pays the full cost of coverage at NFCC's group rates plus an administration fee. NFCC provides each eligible employee with a written notice describing rights granted under COBRA when the employee becomes eligible for coverage under NFCC's health insurance plan. The notice contains important information about the employee's rights and obligations.

314 Educational Assistance

[Return to Index](#)

Effective Date: 9/15/2004

NFCC recognizes that the skills and knowledge of its employees are critical to the success of the organization. The educational assistance program encourages personal development through formal education so that employees can maintain and improve job-related skills or enhance their ability to compete for reasonably attainable jobs within NFCC.

Employee: Depending on available funding, North Florida Community College will cover the cost of NFCC tuition for up to six (6) semester credit hours per term for full-time or part-time regular employees (does not include OPS, Adjuncts or employees on a leave of absence) upon completion of six (6) months of employment with prior supervisor approval. Employees must maintain a grade of "C" or better in courses taken in order to receive a tuition waiver. If conditions as outlined above are not met, the College will seek repayment of tuition costs as set forth in procedures established by the NFCC administration. No additional courses will be allowed until the employee has paid the outstanding debt. If the employee is awarded other scholarships or grants which fully cover the cost of tuition, fees and books, the cost covered by NFCC will be adjusted so that it does not result in funds being disbursed to the student. The supervisor, depending on work schedule, may authorize the employee to attend classes during the work day (on campus) for up to 3 hours per week in order to enhance job performance or plans for future positions. Not all employees will qualify for this time due to daily scheduling, work load and class availability.

Dependents: Depending on available funding, North Florida Community College will waive tuition for dependents of full-time or part-time regular employees (does not include OPS, Adjuncts or employees on a leave of absence) who have been employed by the College for six (6) months. Dependents must maintain a grade of "C" or better in courses taken in order to receive a tuition waiver. If conditions as outlined above are not met, the College will seek repayment of tuition costs as set forth in procedures established by the NFCC administration. No additional courses will be allowed until the employee has paid the outstanding debt. If the dependent is awarded other scholarships or grants which fully cover the cost of tuition, fees and books, the cost covered by NFCC will be adjusted so that it does not result in funds being disbursed to the student.

Tuition Reimbursement at Schools other than North Florida Community College

Depending on available funding, Tuition reimbursement may be available to full-time regular employees who have completed 12 months of employment (does not include Part-time, OPS, Adjuncts or employees on a leave of absence) and who seek to improve skills or education for the purpose of enhancing job performance in the individual's current position or planned future positions. To be eligible for reimbursement, the employee must be serving the best interests of the College by pursuing an advanced degree or training at institutions other than North Florida Community College.

Request for Tuition Assistance should be submitted by March 31st each year. Applications submitted April 1st or later may not be approved. Tuition reimbursements of this nature requires

prior approval of the President, a minimum grade attainment of "C" or equivalent standard and an agreement to remain as an employee of the College for a minimum of one (1) year after reimbursement of said education/training. The amount of cost reimbursement will be determined each year in accordance with available funding and covers Tuition only (not fees or other cost associated with the courses). If conditions as outlined above are not met, the College will seek repayment of tuition costs as set forth in procedures established by the NFCC administration.

320 403(b) and 457 Savings Plans

Effective Date: 9/15/2004

[Return to Index](#)

NFCC has established a 403(b) and a 457 savings plan to provide employees the potential for future financial security for retirement.

To be eligible to join the 403(b) and 457 savings plans, you must be 21 years of age or older. Eligible employees may participate in the 403(b) and 457 plans subject to all terms and conditions of the plan.

The 403(b) and 457 savings plans allows you to elect how much salary you want to contribute so you can tailor your own retirement package to meet your individual needs.

Because your contribution to a 403(b) and 457 plans are automatically deducted from your pay before federal and state tax withholdings are calculated, you save tax dollars now by having your current taxable amount reduced. While the amounts deducted generally will be taxed when they are finally distributed, favorable tax rules typically apply to 403(b) and 457 distributions.

Contact the Human Resources Department for more information.

322 Flexible Benefit Plan (Section 125 Plan)

Effective Date: 08/18/2009

[Return to Index](#)

North Florida Community College offers a Flexible Benefit Plan or Cafeteria Plan, for employees who wish to pay for certain Medical and Dependent Care benefits with Pre-Tax Dollars. This money is deducted "*before*" taxes are computed, so **no Federal tax is paid on this money.**

The maximum amount of Qualifying Medical/Dental Care expenses is determined by Congress each year.

The maximum amount of Dependent Care expenses is determined by Congress each year. **Any money not used during the plan year will be forfeited.** Each year (prior to January 1st), the employee has the opportunity to sign up for the Cafeteria plan. The amount for the year can not be changed on or after January 1st. The yearly amount selected will be evenly divided by 12 and that amount is deducted from each paycheck prior to calculating taxes, which makes this money tax free. This money is placed into an account for the employee.

Medical Expense Reimbursement Account. The medical expense reimbursement account may be used to reimburse the employee for expenses incurred for services rendered during the current plan year for treatment of the employee, spouse, and eligible dependents. Eligible medical expenses include deductible and coinsurance amounts under a group health plan, charges that are in excess of the amount reimbursed under a group health plan, and charges that are not covered by a group health plan such as certain corrective surgery, vision care, dental care and hearing aids, and prescriptions.

324 Employee Assistance Program

Effective Date: 9/15/2004

[Return to Index](#)

NFCC cares about the health and well-being of its employees and their families and recognizes that a variety of personal problems can disrupt their personal and work lives. While many employees solve their problems either on their own or with the help of family and friends, sometimes employees need professional assistance and advice.

Through the Employee Assistance Program (EAP), NFCC provides confidential access to professional counseling services for help in confronting such personal problems as alcohol and other substance abuse, marital and family difficulties, financial or legal troubles, and emotional distress. The EAP is available to all employees and their immediate family members offering problem assessment, short-term counseling, and referral to appropriate community and private services.

The EAP is strictly confidential and is designed to safeguard your privacy and rights. Information given to the EAP counselor may be released only if requested by you in writing. All counselors are guided by a Professional Code of Ethics.

Personal information concerning employee participation in the EAP is maintained in a confidential manner. No information related to an employee's participation in the program is entered into the personnel file.

There is no cost for employees or their dependents to consult with an EAP counselor. If further counseling is necessary, the EAP counselor will outline community and private services available. The counselor will also let employees know whether any costs associated with private services may be covered by their health insurance plan. Costs that are not covered are the responsibility of the employee.

Minor concerns can become major problems if you ignore them. No issue is too small or too large, and a professional counselor is available to help you when you need it. **Call the EAP at 1-888-628-4824 or email them at www.guidanceresources.com to contact an EAP counselor.**

401 Timekeeping

Effective Date: 9/15/2004

[Return to Index](#)

Accurately recording time worked is the responsibility of every nonexempt employee. Federal and state laws require NFCC to keep an accurate record of time worked in order to calculate employee pay and benefits. Time worked is all the time actually spent on the job performing assigned duties.

Nonexempt employees should accurately record the time they begin and end their work. Overtime (Comp Time) work must always be approved before it is performed.

Altering, falsifying, or tampering with time records; or recording time on another employee's time record may result in disciplinary action, up to and including termination of employment.

Nonexempt employees should report to work no more than 7 minutes prior to their scheduled starting time nor stay more than 7 minutes after their scheduled stop time without expressed, prior authorization from their supervisor.

It is the employees' responsibility to sign their time records to certify the accuracy of all time recorded. The supervisor will review and sign the time record before submitting it for payroll processing. In addition, if corrections or modifications are made to the time record, both the employee and the supervisor must verify the accuracy of the changes by initialing the time record. If the employee is not available to submit a time form when due (out for sickness, annual leave or business travel, etc.), the supervisor may submit the form to payroll with a written notation why the employee was not available to fill out and sign the form.

403 Paydays

Effective Date: 9/15/2004

[Return to Index](#)

All employees are paid monthly, normally on the last working day of the month. Each paycheck will include earnings for all work performed through the end of the previous payroll period.

In the event that a regularly scheduled payday falls on a day off such as a weekend or holiday, employees will receive pay on the last day of work before the regularly scheduled payday.

If a regular payday falls during an employee's vacation, the employee's paycheck will be available upon his or her return from vacation unless prior arrangements are made.

Full and Part time employees may have their pay directly deposited into their bank accounts if they provide advance written authorization to NFCC. Adjuncts, OPS and student employees are not eligible for Direct Deposit.

Employees will receive an itemized statement of wages when NFCC makes direct deposits.

See the Human Resources Department for details on Direct Deposit.

405 Employment Terminations

[Return to Index](#)

Effective Date: 9/15/2004

Termination of employment is an inevitable part of personnel activity within any organization, and many of the reasons for termination are routine. Below are examples of some of the most common circumstances under which employment is terminated:

- * Resignation - voluntary employment termination initiated by an employee.
- * Discharge - involuntary employment termination initiated by the organization.
- * Retirement - voluntary employment termination initiated by the employee meeting age, length of service, and any other criteria for retirement from the organization.

NFCC will generally schedule exit interviews at the time of employment termination. The exit interview will afford an opportunity to discuss such issues as employee benefits, conversion privileges, repayment of outstanding debts to NFCC, or return of NFCC-owned property. Suggestions, complaints, and questions can also be voiced. The Human Resources Office will give each employee a checkout sheet to be completed three (3) days prior to their last working day. It is the employee's responsibility to check out with each person on the list in order to verify that all College property has been returned. Direct Deposit will be canceled, and the final pay check will be issued on the next regular pay date and will be picked up or mailed in accordance with previous arrangements.

Since employment with NFCC is based on mutual consent, both the employee and NFCC have the right to terminate employment at will, with or without cause, at any time. Employee benefits will be affected by employment termination in the following manner. All accrued, vested benefits that are due and payable at termination will be paid. If eligible, some benefits may be continued at the employee's expense if the employee so chooses. The employee will be notified in writing of the benefits that may be continued and of the terms, conditions, and limitations of such continuance.

NFCC takes all reasonable steps to ensure that employees receive the correct amount of pay in each paycheck and that employees are paid promptly on the scheduled payday.

In the unlikely event that there is an error in the amount of pay, the employee should promptly bring the discrepancy to the attention of the Payroll Manager so that corrections can be made as quickly as possible.

410 Pay Deductions

Effective Date: 9/15/2004

[Return to Index](#)

The law requires that NFCC make certain deductions from every employee's compensation. Among these are applicable federal, state, and local income taxes. NFCC also must deduct Social Security taxes on all full and part time employees' earnings up to a specified limit that is called the Social Security "wage base." NFCC matches the amount of Social Security taxes paid by each employee. Adjuncts are covered by an Alternative Social Security Plan that does not require the employee or College to pay into the Social Security Program.

NFCC offers programs and benefits beyond those required by law. Eligible employees may voluntarily authorize deductions from their pay checks to cover the costs of participation in these programs.

If you have questions concerning why deductions were made from your pay check or how they were calculated, your supervisor can assist in having your questions answered.

501 Safety

Effective Date: 9/15/2004

[Return to Index](#)

To assist in providing a safe and healthful work environment for employees, and visitors, NFCC has established a workplace safety program. This program is a top priority for NFCC. The Safety Committee has responsibility for implementing, administering, monitoring, and evaluating the safety program. Its success depends on the alertness and personal commitment of all.

NFCC provides information to employees about workplace safety and health issues through regular internal communication channels such as supervisor-employee meetings, bulletin board postings, memos, or other written communications. A safety advisory committee has been established to assist in these activities and to facilitate effective communication about workplace safety and health issues.

Employees and supervisors receive periodic workplace safety training. The training covers potential safety and health hazards and safe work practices and procedures to eliminate or minimize hazards.

Each employee is expected to obey safety rules and to exercise caution in all work activities. Employees must immediately report any unsafe condition to the appropriate supervisor. Employees who violate safety standards, who cause hazardous or dangerous situations, or who fail to report or, where appropriate, remedy such situations, may be subject to disciplinary action, up to and including termination of employment.

In the case of accidents that result in injury, regardless of how insignificant the injury may appear, employees should immediately notify the appropriate supervisor. Such reports are necessary to comply with laws and initiate insurance and workers' compensation benefits procedures.

502 Work Schedules

Effective Date: 9/15/2004

[Return to Index](#)

The normal work schedule for all non-faculty employees is 7.5 hours a day, five (5) days a week (37 ½ hours per week). Summer schedules will vary. Supervisors will advise employees of the times their schedules will normally begin and end. Staffing needs and operational demands may necessitate variations in starting and ending times, as well as variations in the total hours that may be scheduled each day and week. On occasion, in order to complete a task for the College it may be necessary for an employee to work extra hours (example: night events, weekend events, meetings, etc...). All extra hours must be approved by the supervisor in advance. Extra hours are paid in Comp Time, hour for hour up to 40 hours. An hour and a half for each hour worked over 40.

The use of NFCC-paid postage for personal correspondence is not permitted.

505 Smoking/Tobacco Products

[Return to Index](#)

Effective Date: 9/15/2004

In keeping with NFCC's intent to provide a safe and healthful work environment, smoking or use of tobacco products is prohibited inside all college buildings and college vehicles. Smoking means the use of tobacco products through pipes, cigars and cigarettes and the use of simulated smoking products such as e-cigarettes regardless of whether they contain tobacco. Students and staff who wish to smoke may do so only in designated areas. There will be no smoking within 20 feet of doorways, sidewalks, or any other common area. Signs will be posted prohibiting smoking except in designated outside smoking areas.

Those using smokeless tobacco products (example: chewing tobacco; snuff; etc..) on campus are prohibited from spitting in areas where students and staff are walking or are gathered. The improper use of tobacco products on campus property is grounds for disciplinary action. Violation of the policy may result in referral to appropriate campus personnel for disciplinary action.

This policy applies equally to all employees, students, and visitors.

506 Lunch Period

Effective Date: 9/15/2004

[Return to Index](#)

All full-time and regular part-time employees are provided with one meal period of 60 minutes (unpaid) in length each workday (30 minutes during summer hours). Supervisors will schedule meal periods to accommodate operating requirements. Employees will be relieved of all active responsibilities and restrictions during meal periods and will not be compensated for that time.

507 Overtime

Effective Date: 9/15/2004

[Return to Index](#)

When operating requirements or other needs that cannot be met during regular working hours, Non-Exempt employees may be required to work overtime. However, all overtime work must be approved by the Supervisor prior to being worked. If possible, the Supervisor should adjust the employee's hours of work to reduce or eliminate all overtime.

Payment of overtime shall be in the form of compensatory time off at the rate of one quarter of an hour for each one quarter of an hour worked beyond your normal work week up to 40 hours of actual hours worked. After 40 hours, overtime will be at a rate of one and one-half hours compensatory time for each hour actually worked beyond 40 hours unless a cash payment has been approved through normal administrative procedures (Dean or President) prior to the overtime being performed. The workweek runs from Monday (00:01 AM) through Sunday (mid-night).

Compensatory Time Off: The maximum compensatory time which may be accrued by an employee shall be 60 hours. Exempt employees (Faculty, Administrators, and Professional Staff) are not authorized to earn or use Compensatory Time. Compensatory Time will be granted only to Non-Exempt employees.

Using Compensatory Time: Compensatory Time must be requested in advance, the same as the annual leave procedure. Requesting the time off does not guarantee approval. As with any request, the needs of the College and the Department come first. All accumulated Compensatory Time must be used prior to using Sick Time or Vacation Time unless it causes the employee to lose Vacation Time. In this case, the employee could use Vacation time prior to Compensatory Time; however this is on a case by case basis which must be approved in accordance with normal leave procedure. It is the Supervisors responsibility to ensure that all Compensatory Time is used by June 30th of each year. If the employee is not able to use the accumulated Compensatory Time by June 30th, the President (not the Supervisor) will decide to either carry over the accumulated Compensatory Time to the next fiscal year or to pay the employee. If an employee leaves the employment of the College before using the accumulated compensation time, he/she will be paid for the unused amount at the normal hourly rate.

Employees who work overtime without receiving prior authorization from the supervisor may be subject to disciplinary action, up to and including possible termination of employment.

508 Use of Equipment and Vehicles

Effective Date: 9/15/2004

Please notify the supervisor if any equipment, machines, tools, or vehicles appear to be damaged, defective, or in need of repair. Prompt reporting of damages, defects, and the need for repairs could prevent deterioration of equipment and possible injury to employees or others. The supervisor can answer any questions about an employee's responsibility for maintenance and care of equipment or vehicles used on the job.

The improper, careless, negligent, destructive, or unsafe use or operation of equipment or vehicles, as well as excessive or avoidable traffic and parking violations, can result in disciplinary action, up to and including termination of employment. Any person that receives a Traffic violation from a Law Enforcement Officer (including parking tickets) is required to report the violation to their supervisor within 48 hours. Failure to do so could result in disciplinary action, up to and including termination of employment.

510 Emergency Closings

Effective Date: 9/15/2004

[Return to Index](#)

At times, emergencies such as severe weather, fires, power failures, or hurricanes, can disrupt or interfere with a typical work schedule. In extreme cases, these circumstances may require the closing of a work facility. In the event that such an emergency occurs during nonworking hours, local radio and/or television stations will be asked to broadcast notification of the closing. Information will also be placed on the NFCC internet homepage at www.nfcc.edu. Information will also be available by calling the College number at 850-973-1600.

When operations are officially closed due to emergency conditions, the time off from scheduled work will be paid.

In cases where an emergency closing is not authorized, employees who fail to report for work will not be paid for the time off. Employees may request available paid leave time such as unused annual leave benefits.

Employees in essential operations may be asked to work on a day when operations are officially closed. In these circumstances, non-exempt employees who work will receive regular pay plus holiday pay.

514 Visitors in the Workplace

Effective Date: 9/15/2004

[Return to Index](#)

To provide for the safety and security of employees and the facilities at NFCC, only authorized visitors are allowed in the workplace. Restricting unauthorized visitors helps maintain safety standards, protects against theft, ensures security of equipment, protects confidential information, safeguards employee welfare, and avoids potential distractions and disturbances.

No visitor or vendor is allowed to display or sell any merchandise or services anywhere on campus without the written permission of the College President (or designee). If approved, the Visitor/Vendor must have an appointment and will be directed when and where the sales will be authorized. At no time will the sale of merchandise or services interfere with the operation of the College.

Employees are responsible for the conduct and safety of their visitors. Disruptive children and/or adult in charge will be asked to leave.

522 Workplace Violence Prevention

Effective Date: 9/15/2004

[Return to Index](#)

NFCC is committed to preventing workplace violence and to maintaining a safe work environment. Given the increasing violence in society in general, NFCC has adopted the following guidelines to deal with intimidation, harassment, or other threats/actual violence that may occur during business hours or on its premises.

All employees, including supervisors and temporary employees, should be treated with courtesy and respect at all times. Employees are expected to refrain from fighting, "horseplay," or other conduct that may be dangerous to others. Firearms, weapons, and other dangerous or hazardous devices or substances are prohibited from the premises of NFCC without proper authorization.

Conduct that threatens, intimidates, or coerces another employee, a customer, or a member of the public at any time, including off-duty periods, will not be tolerated. This prohibition includes all acts of harassment, including harassment that is based on an individual's sex, race, age, or any characteristic protected by federal, state, or local law.

All threats/actual violence, both direct and indirect, should be reported as soon as possible to your immediate supervisor or any other member of management. This includes threats by employees, as well as threats by students, vendors, solicitors, or other members of the public. When reporting a threat of violence, you should be as specific and detailed as possible.

All suspicious individuals or activities should also be reported as soon as possible to a supervisor. Do not place yourself in peril. If you see or hear a commotion or disturbance near your work station, do not try to intercede or see what is happening.

NFCC will promptly and thoroughly investigate all reports of threats/actual violence and of suspicious individuals or activities. The identity of the individual making a report will be protected as much as is practical. In order to maintain workplace safety and the integrity of its investigation, NFCC may suspend employees pending investigation.

Anyone determined to be responsible for threats/actual violence or other conduct that is in violation of these guidelines will be subject to prompt disciplinary action up to and including termination of employment.

NFCC encourages employees to bring their disputes or differences with other employees to the attention of their supervisors or the Human Resources Department before the situation escalates into potential violence. NFCC is eager to assist in the resolution of employee disputes, and will not discipline employees for raising such concerns.

601 Medical Leave

[Return to Index](#)

NFCC provides medical leaves of absence without pay to eligible employees who are temporarily unable to work due to a serious health condition or disability. For purposes of this policy, serious health conditions or disabilities include inpatient care in a hospital, hospice, or residential medical care facility; continuing treatment by a health care provider; and temporary disabilities associated with pregnancy, childbirth, and related medical conditions.

Employees in the following employment classifications are eligible to request medical leave as described in this policy: * Regular full-time employees * Regular part-time employees

Eligible employees may request medical leave only after having completed 365 calendar days of service. Exceptions to the service requirement will be considered to accommodate disabilities.

Eligible employees should make requests for medical leave to their supervisors at least 30 days in advance of foreseeable events and as soon as possible for unforeseeable events. Requests forms are available in the HR office.

A health care provider's statement may be needed verifying the need for medical leave and its beginning and expected ending dates. Any changes in this information should be promptly reported to NFCC. Employees returning from medical leave must submit a health care provider's verification of their fitness to return to work.

Eligible employees are normally granted leave for the period of the disability, up to a maximum of 12 weeks within a 12 month period. Any combination of medical leave and family leave may not exceed this maximum limit. Employees will be required to first use any accrued paid leave time before taking unpaid medical leave. Employees who sustain work-related injuries are eligible for a medical leave of absence for the period of disability in accordance with all applicable laws covering occupational disabilities.

Subject to the terms, conditions, and limitations of the applicable plans, NFCC will continue to provide health insurance benefits (for the employee only) for the full period of the approved medical leave. Benefit accruals, such as vacation, sick leave, or holiday benefits, will be suspended during any unpaid leave but will resume upon return to active employment.

So that an employee's return to work can be properly scheduled, an employee on medical leave is requested to provide NFCC with at least two weeks advance notice of the date the employee intends to return to work. When a medical leave ends, the employee will be reinstated to the same position, if it is available, or to an equivalent position for which the employee is qualified.

If an employee fails to return to work on the agreed upon return date, NFCC will assume that the employee has resigned.

Effective Date: 9/15/2004

[Return to Index](#)

Resignation/Retirement is a voluntary act initiated by the employee to terminate employment. NFCC requests at least two (2) weeks (if possible) written notice of resignation from nonexempt employees and four (4) weeks written notice (if possible) from exempt employees. 711 Firearms and Weapons on Campus

Effective Date: 4/15/2014

A safe and secure environment is a priority for fulfilling the mission of North Florida Community College. North Florida Community College is committed to maintaining a campus that is free of violence. This obligation includes eliminating from the campus community recognized hazards that contribute to violence or serious harm. Under Florida Law, firearms and other weapons, as defined in Section 790.001, Florida Statutes are prohibited on College property. No person, including the holder of a concealed weapons permit, may possess a firearm on the campus of North Florida Community College, except that a person who can lawfully possess a firearm, may possess a firearm or other weapon in his or her locked vehicle on campus, if the firearm or other weapon is securely encased, or is otherwise not readily accessible for immediate use.

The prohibition in this policy does not apply to weapons carried by federal, state, county and municipal law enforcement officers, and armed security officers employed or contracted by North Florida Community College.

716 Progressive Discipline

Effective Date: 9/15/2004

[Return to Index](#)

The purpose of this policy is to state NFCC's position on administering equitable and consistent discipline for unsatisfactory conduct in the workplace. The best disciplinary measure is the one that does not have to be enforced and comes from good leadership and fair supervision at all employment levels.

NFCC's own best interest lies in ensuring fair treatment of all employees and in making certain that disciplinary actions are prompt, uniform, and impartial. The major purpose of any disciplinary action is to correct the problem, prevent recurrence, and prepare the employee for satisfactory service in the future.

Although employment with NFCC is based on mutual consent and both the employee and NFCC have the right to terminate employment at will, with or without cause or advance notice, NFCC may use progressive discipline at its discretion.

Disciplinary action may call for any of four steps -- verbal warning, written warning, suspension with or without pay, or termination of employment -- depending on the severity of the problem and the number of occurrences. There may be circumstances when one or more steps are bypassed.

Progressive discipline means that, with respect to most disciplinary problems, these steps will normally be followed: a first offense may call for a verbal warning; a next offense may be followed by a written warning; another offense may lead to a suspension; and, still another offense may then lead to termination of employment.

NFCC recognizes that there are certain types of employee problems that are serious enough to justify either a suspension, or, in extreme situations, termination of employment, without going through the usual progressive discipline steps.

Any employee of the College who is arrested and charged with any crime (other than minor traffic violations) must notify his/her supervisor within five (5) working days. Failure to do so could result in disciplinary action, up to and including discharge. If the charges are serious, the employee may be placed on a Leave of Absence, possibly terminated, etc.

By using progressive discipline, we hope that most employee problems can be corrected at an early stage, benefiting both the employee and NFCC.

718 Problem Resolution

Effective Date: 9/15/2004

[Return to Index](#)

North Florida Community College is committed to providing the best possible working conditions for its employees. Part of this commitment is encouraging an open and frank atmosphere in which any problem, complaint, suggestion, or question receives a timely response from North Florida Community College supervisors and management.

North Florida Community College strives to ensure fair and honest treatment of all employees. Supervisors, managers, and employees are expected to treat each other with mutual respect. Employees are encouraged to offer positive and constructive criticism. Initial and continuing notification of this policy will be provided by various means, which will include handbooks, postings, and on the Intranet.

If employees disagree with established rules of conduct, policies, or practices, they can express their concern through the problem resolution procedure. No employee will be penalized, formally, or informally, for voicing a complaint with North Florida Community College in a reasonable, business-like manner, or for using the problem resolution procedure.

A grievance is defined as the dissatisfaction that occurs when an employee or applicant for employment thinks that any condition affecting him/her is unjust, inequitable, a hindrance to effective operations, or creates a problem which includes discrimination and/or harassment.

If a situation occurs when employees believe that a condition of employment or a decision affecting them is unjust or inequitable, they are encouraged to make use of the following steps. The employee may discontinue the procedure at any step.

- 1) Employee presents problem to immediate supervisor within 60 calendar days, after incident occurs. If supervisor is unavailable or employee believes it would be inappropriate to contact that person, the employee may present the problem to the Employee Ombudsman, the Human Resources Department or any member of management. The right to confidentiality, both of the complainant and of the accused, will be respected, consistent with the Board's legal obligations, and with the necessity to investigate allegations of misconduct and take corrective action when this conduct has occurred.
- 2) The Supervisor, after consulting with appropriate management (including the Employee Ombudsman and/or Human Resource Department) responds to the problem and documents the discussion. 800 Life-Threatening Illnesses in the Workplace

[Return to Index](#)

Effective Date: 9/15/2004

Employees with disease or serious illnesses, such as tuberculosis (TB), hepatitis, cancer, heart disease, and HIV/AIDS, often wish to continue their normal pursuits, including work, to the extent allowed by his/her condition. North Florida Community College supports these endeavors as long as employees are able to meet acceptable performance standards. As in the case of other disabilities, North Florida Community College will make reasonable accommodations in accordance with all legal requirements to allow qualified employees with disease and serious illnesses to perform the essential functions of their jobs. The College will post this policy by appropriate public means.

It is the employee's responsibility to notify his/her immediate supervisor, the Human Resources Department or any official of North Florida Community College if he/she has a disease or serious illness and desires an accommodation in order to continue working.

Medical information on individual employees will be treated confidentially. North Florida Community College will take reasonable precautions to protect such information from inappropriate disclosure and maintain the confidentiality of employee medical information. Anyone inappropriately disclosing such information is subject to disciplinary action, up to and including termination of employment.

The College will evaluate each employee's notification of personal disease or serious illness on an individual basis. A College committee consisting of the Human Resources Director and the Disability Specialist in the Office of Student Disability Services shall be responsible for acting upon and administering the policy on disease or serious illnesses. The committee will evaluate implications of each notification in light of the employee's job description and the latest information on the condition that is available. The committee will meet as needed to consider any requests or notifications relevant to the employee policy on disease or serious illness in the workplace and recommend appropriate action as required by state and federal law.

Employees with questions or concerns about this policy or resources for specific diseases or serious illnesses may contact the Human Resources Department for information and referral to appropriate services and resources.
