Introduction

This Accountability Report is published by North Florida Community College's Office of Institutional Effectiveness, Research, and Accreditation. This report compares North Florida Community College's performance other community colleges in the Florida College System (FCS) and is used by NFCC administration to make decisions impacting areas in need of improvement.

Measure #1 (Part 1)

Enrollment Report - FCS

The Enrollment Measure shows the percentage of Florida public high school graduates with a standard diploma from 2006-07, who enrolled in the Florida College System (FCS) in 2007-08 at a college in the same service district.

Measure #2

A.A. Degree Transfer Performance in the SUS Report

This measure indicates the performance of Associate in Arts graduates for 2006-07 who transferred to the State Universities System (SUS) in 2007-08. A.A. students who started at one college, transferred to another and then transferred to the State University System are not accounted for in this report. The report focuses solely on the performance of students who received their complete education from one institution. This measure will allow institutions to focus on the results of their own instructional strategies, so appropriate adjustments can be made in response to the results. Performance will be reported by the mean GPA.

Measure #3 (Part 1)

Licensure Passing Rate Report

This measure shows the number of students tested, the number of students passed, and the percentage of students passed for each appropriate vocational program licensure exam, by college from July 1, 2007, through June 30, 2008.

Data is provided by the licensing agencies. This data is not available from the licensing agencies.

Measure #3 (Part 2)

Vocational Program Placement Report

This measure shows the number of completers and the number of leavers from the 2006-07 AA2 follow-up file with the college supplemental placement data matched with the 2007 CIP Tables. The number of completers and leavers that were matched are displayed as the "number in pool". The display also shows the number and percentage of students who completed and were placed into an occupation related to their instruction (which includes the military or continuing their education), and the number and percentage of students who left and were placed into an occupation related to their instruction.

Measure #4 (Part 1)

College Preparatory Success Report - Failed ELT

This measure shows the number of degree seeking students who are First Time in College (FTIC) who took an entry-level test during the Fall 2006-07 term. First Time in College includes FTIC and previous year high school graduates who were dual enrolled within the prior two years (2004-05, 2005-06). Of those students, the report shows the number and percent who failed some portion of their entrance exam between Fall 2006-07 and Summer 2008-09.

College Preparatory Success Report - Passed College Prep Course

This measure shows the number of degree seeking students who are First Time in College who took an entry-level test during the Fall 2006-07 term. First Time in College includes FTIC and previous year high school graduates who were dual enrolled within the prior two years (2004-05, 2005-06). Of those students, the report shows how many of those students enrolled in a college preparatory course (for the area needed), with the number and percentage of those who passed the highest level college preparatory course for that area at that particular college, between Fall 2006-07 and Summer 2008-09.

CLAS Performance Report

Each display shows the number of students who attempted either the CLAS Test or had a CLAS Alternative and the percent meeting the CLAS requirements, for each CLAS subtest, and for all subtests. There are three categories: 1. Students who took the CLAS Test, 2. Students who used the CLAS Alternatives instead of the CLAS Test, and 3. All Students who took the CLAS Test or used the CLAS Alternatives. The pool of students for this outcome measure includes those students from SDB 2008, excluding transfer students, with 60 or more credits earned at a particular college, excluding college preparatory courses. Only CLAS scores prior to July 2008** are included. CLAS Alternatives are institutionally determined.

NOTE: % ARE BLANKED FOR CLAS ALTERNATIVES.

Students who took the CLAS Test or used the CLAS Alternatives

Shows the number of students who attempted either the CLAS Test or had a CLAS Alternative and the percent meeting the CLAS requirements, for each CLAST subtest, and for all subtests. The pool of students for this outcome measure includes those students from SDB 2008, excluding transfer students, with 60 or more credits earned at a particular college, excluding college preparatory courses. Only CLAST scores prior to July 2008** are included. CLAS Alternatives are institutionally determined.
